

Need Health Insurance? We Have You Covered

No one plans to get sick or injured in an accident. But if you do, having high-quality insurance can help you avoid unexpected medical costs.

What To Know

Virginia's Insurance Marketplace offers high-quality health insurance plans for individuals and families, whether you're unemployed or self-employed or your job doesn't provide an affordable insurance option.

Find plans that cover essential health benefits like doctor appointments, emergency room visits, hospitalization, mental health care, prescriptions, and more.

The Marketplace is also the only spot where Virginians can find financial assistance with their health insurance coverage.

Getting Started

The Open Enrollment Period for 2026 plans begins Nov. 1 and runs through Jan. 30.

If you don't enroll during this time, you can't purchase a health plan until the next Open Enrollment Period — unless you qualify to enroll during a Special Enrollment Period.
