

New Savings on Health Coverage Are Here

More Virginians can now save on health insurance through Virginia Premium Savings.

This year, health insurance may cost less than you think. **Virginia Premium Savings** is a new state-funded program that helps eligible customers with a Virginia's Insurance Marketplace health plan lower their monthly premiums. An estimated 200,000 Virginians may qualify to save — some by as much as 70%. For example, a \$200 monthly premium could drop to as low as \$60.

Your exact savings depend on your income, household size, and the plan you choose. You can check your eligibility and find your exact savings amount on the Marketplace. If cost has kept you from getting covered, this may be your chance to get insured for less.

Find out if you qualify

You may be eligible for **Virginia Premium Savings** if:

- ✓ You live in Virginia
- ✓ You enroll in a health plan through Virginia's Insurance Marketplace
- ✓ Your household income is between 138% and 250% of the federal poverty level

The qualifying income chart shows the estimated annual income ranges that may qualify, based on household size.

Qualifying annual income ranges	
Household size	Estimated qualifying income range
